BE SMART ELECTRONIC DOOR LOCK

Smart Protection.
Simple Access.

Advanced Electronic Security
Solution for Homes & Businesses.

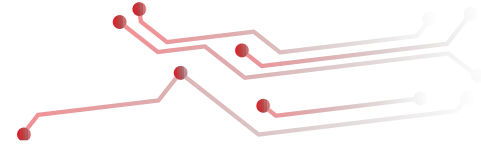

FEATURES

-  Dual Internal & External Computerized Lock Core
-  10 Computerized Keys
-  5 Electronic PIN Codes
-  2 Remote Controls
-  1 Programming Remote
-  Master Card
-  Arabic Code Sheet

Model : **Be Smart Electronic Door Lock**
premium Access Control Solution

Model : **433 MHz RF Wireless Button**

BE SMART EXIT BUTTON

Fully Wireless Operation

Allows quick and convenient door release from inside the premises.

FEATURES

Wireless Smart Control

Smart Door Lock Integration

Smart Socket Control

Long battery life

Lighting Automation

Switching & Relay Function

Compatible with RF receivers

Easy installation without wiring

WIRELESS EXIT BUTTON

Fully Wireless Operation

Allows quick and convenient door release from inside the premises.

Model : **433 MHz RF Wireless Button**

FEATURES

Wireless Smart Control

Smart Door Lock Integration

Smart Socket Control

Long battery life

Lighting Automation

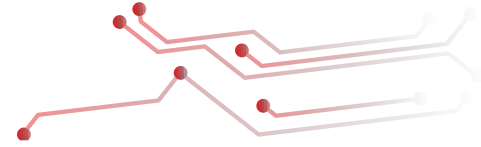

Switching & Relay Function

Compatible with RF receivers

Easy installation without wiring

WIRELESS EXIT REMOTE CONTROL

Fully Wireless Operation

Allows quick and convenient door release from inside the premises.

Model : **433 MHz RF Wireless Remote Control**

FEATURES

Wireless Smart Control

Battery Powered

Smart Door Lock Integration

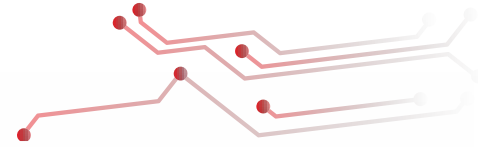

Easy Pairing

Compatible with RF receivers

Long Range RF Transmission

2CH MINI SMART SWITCH WIFI 2.4G

Smart Control.
Simplified.

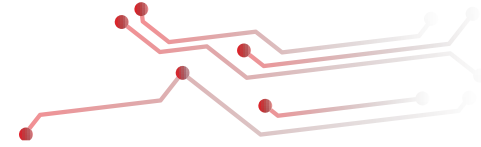

Control Two Devices Anywhere

Model : **2CH Mini RF Smart Switch WiFi 2.4G**

FEATURES

- | | |
|--|--|
|  WiFi 2.4GHz Connectivity |  Lighting Automation |
|  Mobile App Control |  Dual Channel Control |
|  Smart Socket Control |  433MHz RF Remote Support |
|  Timer & Scheduling |  Easy installation |

Model : **1CH RF Receiver Module DC 5V-30V**

1CH RF RECEIVER MODULE

**Stable Signal.
Smart Control.**

Long-Range RF Signal Reception

FEATURES

-  Momentary, Toggle, and Latching modes
-  Clearly marked terminal connections
-  Quick pairing with compatible RF transmitters

-  10A relay output for multiple applications
-  Supports DC 5V-30V power supply
-  Stable long-range wireless communication

SPECIFICATIONS	VALUE	TERMINAL DEFINITIONS
working voltage	DC 5V ~ 30V	 Negative Power Input  Positive Power Input  Normally Open Output  Common Output  Normally Closed Output
Quiescent Current	≤ 5mA	
Receiving Frequency	433MHz	
Relay Output	10A 250VAC / 10A 30VDC	
Sensitivity	105-dBm	
Working Mode	Momentary / Toggle / Latched	
Operating Temperature	*20-C ~ *70+C	
Module Size	35 × 30mm	

DC 12V UPS POWER SUPPLY 12V 2A

Reliable Backup Power.
Always Connected.

Automatically maintains stable power
during electrical interruptions

Model : **DC 12V 2A UPS Power Supply**

FEATURES

Wide AC Input (100–240V)

Automatic Backup Power

2A Output Capacity

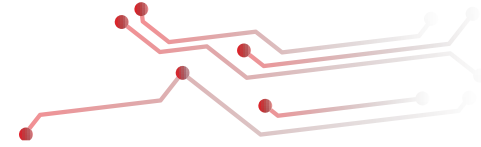

Stable DC 12V Output

Smart Power Switching

Easy installation

Model : **DC 12V 2A Power Supply**

POWER SUPPLY **DC 12V 2A**

**Stable Performance.
Reliable Power.**

Provides stable DC power for smart security devices.

FEATURES

Wide AC Input (100–240V)

High Efficiency

Low Power Consumption

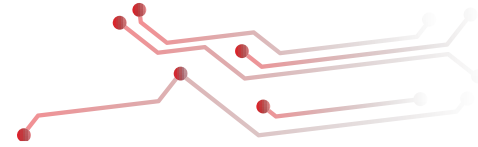

Stable DC 12V Output

Overload Protection

Easy installation

1CH TUYA SMART SWITCH

Smart Control.
Simplified.

Reliable WiFi & RF Smart Control.

Model : **1CH Tuya Smart Switch WiFi 2.4G + RF 433MHz**

FEATURES

Tuya Smart App Control

433MHz RF Remote Support

Timer & Scheduling

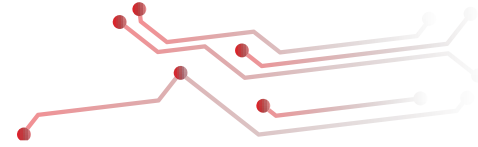

WiFi 2.4GHz Connectivity

Alexa & Google Assistant Compatible

Smart Home Integration

RF ID BE SMART KEY TAG

**Secure Identification.
Fast Access.**

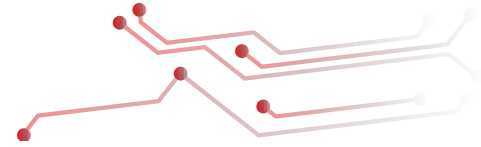

Reliable RFID key tag for fast and secure access control.

Model : **125KHz RFID Be Smart Key Tag**

FEATURES

-  125KHz RFID Technology
-  Unique ID Number
-  Long Service Life

-  Fast Contactless Reading
-  Perfect Compatibility with Be Smart Smart Locks
-  Large Copper Coil for Enhanced Durability

SMART LOCK MOUNTING PLATE

CNC steel mounting.
secure installation.

CNC Steel Mounting Bracket for
B-Smart Smart Lock

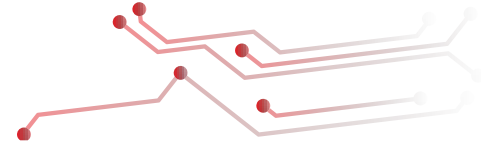

3-Piece Complete Set

Model : **CNC Steel Smart Lock Mounting Plate**

FEATURES

- ✓ Precision CNC Steel Construction
- ✓ Built-in Pull Handle
- ✓ Covers Old Lock Opening
- ✓ Counter Plate Mount Included
- ✓ Pre-Drilled Mounting Holes
- ✓ 2 mm Heavy-Duty Steel

Model : **Meggo Door Closer (80KG / 120KG)**

MEGGO DOOR CLOSER

**Smooth Closing.
Reliable Performance.**

Smooth, quiet, and dependable performance.

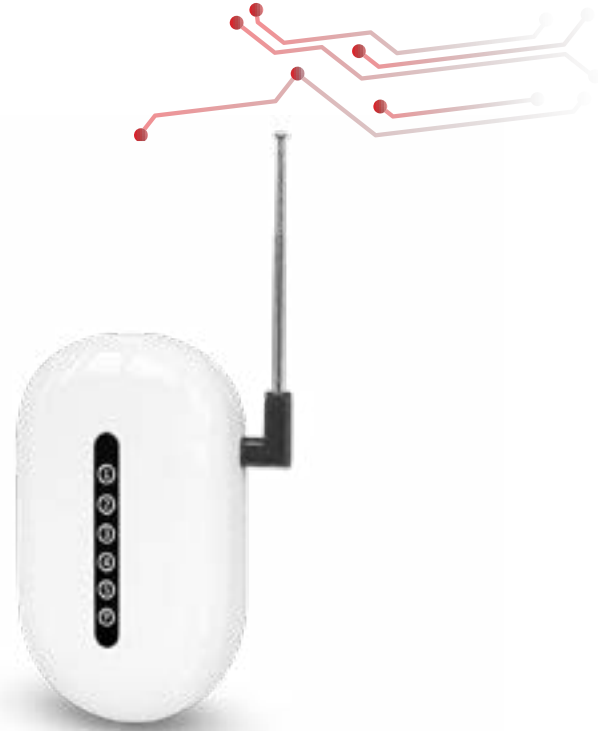

FEATURES

- ✓ Adjustable Closing Speed
- ✓ Heavy-Duty Aluminum Body
- ✓ Long Service Life
- ✓ Corrosion-Resistant Finish
- ✓ Available in 80KG & 120KG Models
- ✓ High-Performance Hydraulic System
- ✓ Smooth & Silent Door Closing
- ✓ Suitable for Wooden & Metal Doors

WIRELESS SIGNAL REPEATER

Extend Your Wireless Range.
Reliable Signal Coverage.

Extends RF signal range for stable and reliable wireless communication.

Model : **433 MHz RF Wireless Signal Repeater**

FEATURES

- ✓ Up to 500m RF Coverage
- ✓ 433 MHz Compatibility
- ✓ Stable Signal Transmission
- ✓ Fixed & Learning Code Support
- ✓ External High-Gain Antenna
- ✓ Ideal for Smart Security Systems
